AB - J55094319 External prepn. contains liver oil prepd. from liver of
globefish contg. tetrodotoxin. Prepn. has an analgesic effect,
prevents infection of suppurative germs and sterilises the part
affected by suppurative germs. It can be applied to burns and
haemorrhoids esp. as 50 mg/cm². The liver oil is dropped onto stung
wound and is applied to suppuration part pref. with ointment.

IW - ANALGESIC COMPOSITION CONTAIN GLOBE FISH LIVER OIL CONTAIN
TETRODOTOXIN EXTERNAL APPLY BURN HAEMORRHOID
